 - 4. The team with the most goals at the end of the game is declared the winner.
- B. If the score is tied at the end of regulation play, a three-minute sudden-death overtime period will be played until a winner is declared. In regular season play, if no one has scored after the three-minute sudden-death period the contest will be determined a tie. For playoffs, the overtime sudden-death periods will continue until the first team to score wins.
- C. Substitutions
- 1. Substitutions can be made: after a goal and prior to the ensuing throw-off, before the beginning of a period, or to replace an injured player.
 - 2. An ejected player may not be replaced.
- D. Starting and restarting the play

Florida Gulf Coast University Campus Recreation

- a. Each time a goal is scored, the teams switch the direction of their attack and the team, which scored throws-off.
- b. Positioning prior to throw-off: (1) The players on the throwing team are free to move anywhere in their defending end-zone, but may not cross the goal line until the disc is released. (2) The players on the receiving team must stand with one foot on their defending goal line without changing position relative to one another.
- c. The throw-off may be made only after the thrower and a player on the receiving team raise a hand signifying that team's readiness to play.
- d. The throw-off consists of one player on the throwing team throwing the disc toward the opposite goal line to begin play.
- e. As soon as the disc is released, all players may move in any direction.
- f. No player on the throwing team may touch the throw-off in the air before a member of the receiving team touches it.
- g. If a member of the receiving team catches the throw-off on the playing field proper, that player must put the disc into play from that spot.
- h. If the receiving team allows the disc to fall untouched to the ground, and the disc initially lands in bounds, the receiving team gains possession of the disc where it stops.
- i. If the throw-off lands out-of-bounds the receiving team makes a choice of: (1) Putting the disc into play at the point where it crossed the line, or (2) Requesting a re-throw.

E. Change of possession:

Occurs when a pass is not completed (dropped, hits the ground, falls out of bounds, blocked, intercepted).

When play stops the player who was in possession retains possession.

All players must come to a stop as quickly as possible when play is halted, and remain in their respective locations until play is restarted.

The marker restarts play by handing the disc to the thrower.

Out-of-bounds

- A. The perimeter lines themselves are out-of-bounds.
- B. A disc is out-of-bounds when it first contacts an out-of-bounds area or contacts anything which is out-of-bounds.
- C. For a receiver to be considered in-bounds after gaining possession of the disc, the first point of contact with the ground must be completely in-bounds. If any portion of the first point of contact is out-of-bounds, the player is considered to be out-of-bounds.
- D. Should the momentum of a player carry him/her out-of-bounds after making a catch and landing in-bounds, the player is considered in-bounds. The player carries the disc to the point where he/she went out-of-bounds and puts the disc into play at that point.
- E. To restart play after the disc has gone out-of-bounds, a member of the team gaining possession of the disc must carry the disc to the point on the playing field where the disc went out-of-bounds, and put the disc into play at that point.
- F. The thrower may pivot in and out-of-bounds, providing that some part of the pivot foot contacts the playing field.

- B. The marker may not straddle the pivot foot of the thrower.
- C. There must be at least one disc's diameter between the upper bodies of the thrower and the marker at all times.
- D. The marker cannot position his/her arms in such a manner as to restrict the thrower from pivoting.
- E. Stalling
 - 1. Once a marker has established a set-guarding stance on the thrower, he/she may initiate the count.
 - 2. The count consists of the marker calling "Counting" and counting at one-second intervals from I to 12, loudly enough for the thrower to hear.
 - 3. If the thrower has not released the disc at the first utterance of the word twelve (12) a turnover results.
 - 4. If the defense decides to switch markers, he/she must start again from one.

The Receiver

- A. Bobbling to gain control of the disc is permitted.
- B. After catching a pass, the receiver is only allowed the fewest number of steps required to come to a stop and establish a pivot foot.
- C. If the receiver is running as he/she catches the disc, the receiver may throw a pass before the third ground contact after catching the disc without coming to a complete stop.

Fouls

- A. Fouls are the result of physical contact between opposing players.
- B. The offending player calls the foul.
- C. If the thrower is fouled in the act of throwing and the pass is completed, the foul is automatically declined and play continues without interruption.
