

COLLEGE OF BUSINESS  
SELF-EVALUATION REPORT  
JUNE 1, 2002

Welcome to the electronic version of our Self-Evaluation Report.

Both the Complete Report and an Executive Summary are presented here in PDF format.

You can navigate using Bookmarks to go to any point in either document.

## Navigation Instructions

Documents in PDF (Portable Document File) format are electronic reproductions of paper documents. Both the complete Self-Evaluation Report (142 pages) and the 11-page Executive Summary are presented here in PDF format.

Within either document, you may use the scroll bar to the right of the page to move to any desired point in the document. However, the use of navigation tools called Bookmarks allows much easier movement within (and between) the documents.

To begin, look at the list of Bookmarks to the left. (The procedure for showing and hiding bookmarks varies with the version of the PDF software being used.) The bookmarks will direct you to either the Executive Summary or the complete Self-Evaluation Report.

Within any PDF document, Bookmarks can be used as follows:

- You may show or hide the list of Bookmarks, as described above. When viewing the list of Bookmarks:
  - Click on any Bookmark to go to that point in the document
  - Click on the + sign to the left of any Bookmark to view Nested Bookmarks (sub-headings)
  - Click on the – sign to the left of any Bookmark to hide Nested Bookmarks

Within either the Self-Evaluation Report or the Executive Summary, you may select text or graphics for copying and pasting into another application; you may also print individual pages or any range of pages.
