

Assessment Plans 2005-2006

Unit:College of Arts & Sciences

What assessments are you planning to conduct during 2005-2006?

The College of Arts and Sciences does not have any Seven-Year State Mandated Program Reviews due next year.

Each degree program will identify 1-2 outcomes for detailed assessment during 2005-06, and will conduct those assessments, and use the data gathered for improvement of student learning.
