

## College Advising Transition Criteria 2019-2020

ALL of the criteria listed MUST be met before you are eligible to transition to college advising. Eligibility is assessed at the conclusion of each semester. Transition information is forwarded via Eagle Email when you are eligible. **Please note that the failure to meet milestones in a timely manner may render you ineligible to continue in a particular major.** In these cases, you will work with Exploratory Advising to identify an alternate major to complete at FGCU.

## Marieb College of Health & Human Services

Please note that the GPAs listed for this college are the minimum to transition to college advising. Your admission to the upper level courses will likely require a higher GPA. All course attempts are calculated into the GPAs considered for admission to the upper level courses. **Course repeats may cause you to be ineligible for your desired major:** BSC 1085C and BSC 1086C have a maximum of two (2) attempts (a course withdrawal – W – counts as an attempt). All other pre-requisite courses have a maximum of three (3) attempts.
