

Health Insurance Requirements International Students 2022-2023

International students must comply with the Florida Board of Governors rule requiring all international students to have medical insurance in order to register or enroll in classes. Rule 6.009 provides that, “no international student in F or J non-immigrant status shall be permitted to register, or to continue enrollment, at a university without demonstrating that the student has adequate medical insurance coverage for illness or accidental injury.” Specifically, this rule requires that insurance policies must provide, at a minimum, continuous coverage for the entire period that the insured is enrolled as an eligible student, including breaks between or during terms (for students enrolled in more than one term/semester, this means a full year).

Insurance coverage must be effective the first day the semester and continue throughout your enrollment at FGCU, including school breaks and summer terms.

For most students this means coverage from August 19, 2022 – August 18, 2023.

Students graduating in December: August 19, 2022 – December 17, 2022.

Students graduating in May: August 19, 2022 – May 7, 2023.

International Student Health Insurance Compliance Form (page 1 of 2)

To comply with Florida State Board of Governors Regulation BOG 6.09, International Students must have health insurance. Students in F and J status must maintain health insurance coverage from the first day of class until the last day before the next semester, thus insuring that there is no lapse in coverage.

PART 1: TO BE COMPLETED BY STUDENT

I authorize my insurance company to release the information on this form to Florida Gulf Coast University. By signing below, I agree to the following requirements established by FGCU and I agree to abide by them.

1. Alternate insurance policies are approved for limited periods not exceeding one academic year and the requirements for alternate policy coverage are subject to change.
2. I must have my policy information re-certified EACH semester.
3. Failure to have continuous coverage which meets the minimum requirements outlined on the attached checklist will result in a hold being placed on my student Gulfline account.
4. If the alternate insurance coverage is not approved, this does not mean FGCU or any of its employees recommend that I cancel any existing, pending, or proposed insurance coverage.
5. The policy presented must meet the minimum requirements established by FGCU and the State of Florida with respect to specific medical insurance coverage criteria
