

# FGCU Harbor Program Abroad

## Athens, Greece

### Summer and Semester programs

Often students need to take FGCU courses to fulfill graduation requirements or to qualify for funding sources like Florida Bright Futures, FGCU Admissions merit scholarships, Florida prepaid or vocational funding. This often prevents student from the having the option of going abroad. However, these courses are offered as part of FGCU's extensive list of 100% virtual online options so the student doesn't need to be physically present on campus. With this option, students can now have a study abroad experience while taking their FGCU courses.

FGCU has partnered with the Study Abroad Association in Athens, Greece to offer a comprehensive experiential learning based program in either the summer or semester terms. You take a semester course load from one of the hundreds of virtual online courses offered at FGCU and let SAA, together with Hellenic American University, do what they do best, facilitate a quality immersive high impact experience based in Greece.

**Program Fees:** \$4500-\$4800

**Program Length:** 2 months

This program includes airport transfers, comprehensive orientation, accommodation, discount meal plan options, welcome and farewell dinners, transportation pass for the whole duration of the stay, city tour, 4 weekend cultural activities, 24/7 support and assistance, weekly meetings with a representative of SAA, travelers health insurance, local navigation support and more...

**FGCU Online Courses** (select term, under Campus, scroll down to select 'Virtual')
