**Healthcare Experience:** NCH MD Pulmonary and Critical Care Medicine, Naples, Florida  
Advanced Practice Registered Nurse (APRN)  
(full-time from April 2012 to April 2021, currently per diem)  
Nurse practitioner for a critical care/pulmonary physician group. Responsible for assessment, diagnosis, treatment, and management of patients in the critical care units as well as pulmonary consultations and follow ups in the acute care setting. Perform procedures such as intubation, central line placement, arterial line placement, temporary dialysis catheter placement, thoracentesis, chest tube placement, and paracentesis. Also train and orient newly hired nurse practitioners and physicians (EMR system, critical care units, hospital policies and procedures)

ID Specialists of Southwest Florida, Naples, Florida  
Advanced Practice Registered Nurse (February 2013 to November 2015)  
Nurse Practitioner providing antibiotic infusions to patients with various infectious diseases on the weekends. Supervise LPN on shift. Manage adverse

reactions to antibiotics as well as provide emergency care for anaphylaxis.

Hospital Physician Partners, Naples, Florida.

Advanced Practice Registered Nurse (May 2011 - March 31, 2012)

Nurse practitioner for a hospitalist/internal medicine group. Responsible for the assessment, diagnosis, and treatment of acutely ill patients in the hospital setting.

Naples Heart Institute, Naples, Florida

Advanced Practice Registered Nurse (December 2010 - May 2011)

Nurse practitioner in a group cardiology practice. Responsible for supervising nuclear stress testing. Involved in the assessment, diagnosis, and treatment of patients with cardiovascular disorders in the office setting as well as in the acute care/inpatient setting.

NCH Healthcare System, Naples, Florida

Registered Nurse, ICU (January 2005 – April 2007 & December 2009 - December 2010)

Staff nurse on an 11-bed intensive care unit where patient diagnoses included cardiac disorders (STEMI), pulmonary disorders, sepsis, acute renal failure, and GI disorders. Certified in caring for patients with intra-aortic balloon pumps, continuous venous-to-venous hemofiltration, and hypothermia post out-of-hospital cardiac arrest. Preceptor for new nurses to the unit. Acted as charge nurse and clinical coordinator for critical care when needed.

Clinical Coordinator, ICU (April 2007 - November 2009)

Coordination of patient care in a 16-bed critical care unit. Charge nurse responsibilities included coaching, supervising, mentoring, and disciplining staff, daily staffing of the unit, monthly chart auditing, assist in direct patient care, and serving as clinical resource for other telemetry and medical-surgical floors in the hospital. Was also a member of the SWAT (Stabilization With Active Treatment) and code blue response teams. Responsible for initiating the hypothermia protocol for out-of hospital cardiac arrest with return of spontaneous circulation in the emergency department and transfer to the ICU, assisting physicians with bedside procedures, and assessing emergency room patients for critical care admissions as requested.

Lahey Clinic, Burlington, Massachusetts

Registered Nurse, CCU/MICU (March 2003 - December 2004)

Staff nurse in a 16-bed coronary care unit and medical intensive care unit where patient diagnoses included cardiac disorders, pulmonary disorders, septic and cardiogenic shock, liver failure, acute renal failure, neurological disorders, and GI disorders, with occasional trauma and surgical patients. Certified in caring for patients with intra-aortic balloon pumps and continuous venous-to-venous hemofiltration. Responsible for patients pre- and post-cardiac catheterization and for patients with ventriculostomies, temporary pacing wires, pulmonary artery

catheters, and patients on ventilators. Preceptor for new nurses to the unit.

Saints Memorial Medical Center, Lowell, Massachusetts  
Registered Nurse, Intermediate Care Unit (November 2001 - March 2003)  
Staff nurse on a cardiac step-down unit. Responsible for caring for patients on high-risk infusions such as Dopamine, Milrinone, amiodarone, nitroglycerin, Cardizem, and dobutamine.

UMass Memorial Medical Center, Worcester, Massachusetts  
Registered Nurse, 6th Floor (April 2001 - November 2001)  
Staff nurse on a 48-bed telemetry/medical-surgical unit where patient diagnoses included cardiac disorders (r/o MI, syncope, s/p ICD placement, s/p cardiac catheterization, s/p pacemaker, s/p ablation, SVT), ETOH withdrawal and substance abuse, kidney and liver failure, GI disorders, neurological disorders, and pulmonary disorders.
