Diversity and Inclusion Committee

The Committee is charged with the following:

- Reviewing and analyzing our campus in relation to diversity and inclusion;
- Creating, developing and implementing workshops, training programs, and strategies to address areas that need improvement;
- Assessing the success/outcomes of the workshops, training programs, and strategies; and
- Recommending ways to establish a sustainable inclusive campus environment for all students and employees, that will result in greater student success (retention and graduation rates), especially historically underrepresented students (i.e., low-income, minority and first generation college students).
