

Proposed Senate Resolution on Diversity among Faculty

Whereas Maya Angelo stated, “in diversity there is beauty and there is strength”;

Whereas the Faculty Senate recognize the efforts to increase the diversity among the student body has led to improvements, including the approaching milestone of being a Hispanic serving institution;

Whereas representation among African American, Hispanic, Indigenous, and Asian American faculty at FGCU are low. As of 2019, eligible faculty at FGCU consisted of less than 4% African American, 0.05% Native American, 4.7% Hispanic, and 8.3% Asian American.¹ These numbers are significantly out of balance with the diverse population within the United States²;

Whereas in 2019, of the 29 new faculty positions, 27 were filled by men³;

We resolve that faculty and administration must increase their efforts to recruit and retain a more diverse faculty;

We further resolve our appreciation for the administration’s support for the creation of the Center for Critical Race and Ethnic Studies. We call for this support to continue in future administrations.
