FACULTY PERFORMANCE EVALUATION DOCUMENT (FPED)

PREAMBLE

Principles

Florida Gulf Coast University (FGCU) is a comprehensive institution of higher education for the new millennium. As such, the university provides an environment of dynamic growth and innovative change, which is reflected in teaching and scholarship, curricula, community service, faculty, administration, staff, and facilities. **FGCU affirms that student learning is its primary mission; delivery of the highest quality educational services is central to all its endeavors.**

The university is committed to the development of an academic environment that fosters the following principles:

- **Collaboration.** The university practices collaboration in governance, operations, and planning to ensure broad commitment to its mission.
- **Civil environment.** The university is committed to maintaining a professional environment based on mutual respect, honesty, transparency, and academic integrity.
- **Academic freedom.** The faculty and administration acknowledge that academic freedom is the foundation for the creation, transmission, and advancement of knowledge. It is understood that the university vigorously protects freedom of inquiry and expression and fosters a climate of openness in which students, faculty, and staff engage in diversity of perspectives, ideologies, and approaches with tolerance and fairness.
- **Diversity.** The university recognizes that diversity throughout all of its constituencies is a source of renewal and vitality.
- **Faculty productivity.** The university endorses the concept that the work of faculty needs to be defined in ways that realistically reflect the full range of academic, professional, and civic responsibilities. FGCU recognizes the importance of effective teaching in a learning-centered university and affirms the value of faculty applying their expertise in service to the community. The university also affirms that scholarly activity needs to be broadly defined to include areas previously undervalued; nonetheless, all forms of scholarly activity require appropriate validation to assure quality.
- **Equity.** As FGCU embraces non-tenure and tenure-track appointments, the evaluation process for all faculty shall not be prejudicial to any individual.
- **Professional development.** Providing a sense of stability and cohesiveness in the diverse atmosphere of multi-year contracts and tenure requires an institution's commitment to the welfare and development of its employees. The administration and

individual faculty members share the responsibility for professional growth. The administration provides faculty members with the opportunity and resources to continue their professional development. Individual faculty members, in turn, take the initiative in promoting their own growth as teachers, scholars, and, where appropriate, as practitioners. They seek the advice and support of colleagues and mentors.

Assessment

FGCU affirms with one voice that assessment of all functions is necessary for improvement and continual renewal. Through comprehensive and systematic assessment, the university ensures that it provides the highest quality education, scholarly activity, and service to the community. Assessment is the cornerstone of accountability and is the highest priority for accrediting agencies, including the Southern Association of Colleges and Schools (SACS). Consequently, FGCU has developed an Institutional Effectiveness Plan, with full participation of all university constituencies that provides an overall framework and direction for evaluation. Included within this framework are the evaluation of students, the administration, and faculty. The mechanism for faculty evaluation is the Faculty Performance Evaluation Document (FPED).

Purpose

The purpose of this FPED is to provide common criteria, guidelines and procedures for performance evaluation and promotion for all in-unit faculty who hold tenure positions or who have multi-year appointments, both fixed and continuing or modified appointments (e.g., visiting, provisional, affiliate, etc.) are included.

This FPED is within the context of the precepts, values, and principles described above. This FPED is a revision of June 2020 Performance Evaluation Document (FPED).

POLICIES AND PRINCIPLES

The purpose and terms of the Document are consistent with and expound upon the terms of the current Collective Bargaining Agreement (hereinafter CBA) as amended between the FGCU Board of Trustees (BOT), and the Florida Gulf Coast University Chapter of United Faculty of Florida (UFF).

The FPED affirms Article 1.2A of the CBA, which reads: “No existing, new or amended University rule, policy, or Board resolution shall apply to employees in the bargaining unit if it is inconsistent with or conflicts with an express term or provision of the Agreement.”

The FPED specifies basic policies, procedures, and criteria for:

1. CBA Article 8, Appointment;
2. CBA Article 9, Assignment of Responsibilities;
3. CBA Article 10, Employee Performance Evaluations, which addresses the various types of faculty evaluation at FGCU:

- A. Annual Evaluations
 - B. Evaluation of Progress Towards Promotion
 - C. Evaluation of Successive Fixed Multi-year Appointment (FMYA)
 - D. Sustained Performance Evaluations;
4. CBA Article 14, Promotion Procedure, which addresses the Professional Development Plan (PDP), the Annual Performance Development Report (APDR), and the annual evaluations provided by the supervisor; and
 5. CBA Article 15, Multi-Year Appointments and Tenure Status: Extension, Probation, Reappointment.

The FPED also references (a) CBA Article 11, Evaluation File and Article 20, Informal Resolution, Grievances and Arbitration Procedures, and (b) Administrative Codes and Florida Statutes that apply.

The Faculty Senate Bylaws provide basic organizational structure, policies, and procedures that define the faculty's role in University governance. In accordance with the CBA Article 14.D, the FPED serves as a University document.

Florida Gulf Coast University perceives scholarly activity as a broad range of intellectual activities in the areas of teaching, scholarship, and service. It is the responsibility of the Colleges/Units to define the scope and range of scholarly activity in their criteria.

It is expected that all members involved in the evaluation process will act ethically; if, under unusual circumstances, a conflict of interest occurs, faculty members should remove themselves from the proceedings or any participant may refer the situation to the University Faculty Affairs Team.

Who Is Covered By These Policies

The policies in this document apply to all faculty bargaining unit positions that are covered by the CBA. Therefore, all in-unit faculty who hold tenure positions or who have multi-year appointments, both fixed and continuing or modified appointments (e.g., visiting, provisional, affiliate, etc.) are included. Consistent with the CBA between the BOT and UFF, Florida Gulf Coast University chairs and other out-of-unit faculty are excluded from the bargaining unit and thus are not covered by this document.

Responsibility

The university is committed to the professional development and success of all its employees. In keeping with the CBA, the university administration, in collaboration with the faculty, makes performance evaluation decisions regarding annual evaluations; successive fixed multi-year appointments, continuing multi-year appointment extensions, and promotion, tenure, and post-tenure reviews; and performance recognition awards. These decisions are based on the extent to

which the faculty member meets or does not meet the goals and objectives mutually agreed upon in their PDP, consistent with unit criteria and standards.

The CBA outlines factors that, in addition to documented performance, may influence a University's decision to offer an individual faculty member either a successive fixed multi-year appointment, continuing multi-year appointment extension, or tenure (see Article 8.4 and Article 15).

Appointment Types

The CBA defines these types of appointments in Article 8.4., Appointment Types.

- A. **Continuing Multi-Year Appointments (CMYA).** A continuing multi-year appointment is an appointment of contingent duration, consisting of an initial three (3) year term extendible annually on the basis of overall satisfactory annual performance as determined through the criteria, standards, and procedures stipulated in Article 10, Evaluations. FGCU shall provide the option of a CMYA to all new ranked multi-year faculty member hires, with the exception of the appointment status categories listed in Section 8.4 (B) below.
- B. **Fixed Multi Year Appointments (FMYA).** A fixed multi-year appointment is an appointment of fixed duration, two (2) to five (5) years in length, with opportunity for successive appointments. FGCU may offer an FMYA without the option of a CMYA to bargaining unit members in the following categories:
 - (1) Instructors and lecturers;
 - (2) New faculty members who have not yet completed their terminal degree requirements but are required to do so as a condition of continued employment;
 - (3) Eminent Scholars and Research Associates;
 - (4) Tenured faculty who elect to give up their tenured status to take advantage of whatever incentives might be offered by a fixed multi-year appointment;
 - (5) Faculty who have not yet demonstrated instructional effectiveness through prior teaching experience.
 - (6) Faculty on non-recurring sources of funds such as contracts and grants, sponsored research funds, grants and donations trust funds.
- C. **Faculty on "soft money"** such as contracts and grants, sponsored research funds, grants and donations trust funds, and other non-recurring sources of funds.
- D. **Tenure.** Tenure as an appointment is recognized and continued only for those faculty who transferred from USF-Ft. Myers in 1997 and who have achieved such status as of the effective date of this Agreement [CBA]. Tenure guarantees annual appointment for the academic year until voluntary resignation, retirement, removal for just cause, or layoff, but does not extend to administrative appointments.

FACULTY ASSIGNMENTS

In accordance with the Collective Bargaining Agreement, Article 9, specific course assignments shall be communicated to faculty members no later than six (6) weeks prior to the first business day of the fall semester and six (6) weeks prior to the first business day of the new year (for the spring semester), if practicable. Specific course assignments and additional duties/responsibilities including legislative mandates shall be communicated/noted on the Faculty Assignment Form (FAF). Any subsequent change(s) to assignments should also be subject to stipulations noted in Article 9. Faculty assignments should serve as the foundation of the faculty member's Professional Development Plan.

Foundation of the Professional Development Plan

Evaluation processes and career success are the shared responsibility of all participants—individual faculty members, administrators, Peer Review Committees (PRCs), and the Faculty Affairs Team. FGCU recognizes and appreciates the diversity of faculty roles and responsibilities within the University. Likewise, the administration and the faculty are committed to a faculty development program that provides opportunities and resources for professional growth and advancement within academe.

Each faculty member at FGCU must, in collaboration with their supervisor, prepare a PDP, which is a public document. The PDP reflects the need for a flexible faculty assignment system that is consistent with the units' annual evaluation criteria and standards, and:

- Accommodates the various types and lengths of faculty appointments at FGCU.
- Places student learning at the forefront of all educational activities.
- Fosters quality, integrity, and the search for knowledge.
- Allows for a broad definition of scholarly activity to include creative works and achievements appropriate to the mission of an institution of higher education.
- Encourages innovative and collegial relationships with regional community organizations, businesses, and professionals in education, health care, social services, etc.
- Encourages collaboration across disciplines, colleges, and units.
- Recognizes each faculty member as a unique individual with interests, talents, and strengths whose professional aspirations and goals are influenced by personal needs, career life stages, and expectations of the profession.
- Mutually respects the professional goals of each faculty member and the missions of the unit, department, college, and/or university in faculty assessment and performance evaluation.
- Provides opportunities for recognition, incentives, and rewards that take into account the multi-dimensional aspects of the professorate.
- Provides a just and effective process whereby the knowledge gained is used to enhance faculty achievement and student performance.

- Nurtures collaboration within the university community.

Description of the Professional Development Plan

The PDP is the cornerstone of all faculty assignment processes at FGCU. The activities/objectives listed in the signed PDP must be ones that, if performed satisfactorily, ensure that the faculty member ~~at least~~ meets the unit's annual evaluation standards. Each employee shall be given assignments that would yield activities/objectives on a PDP that "provide equitable opportunities, in relation to other employees in the same department/unit, to meet the required criteria for promotion, for continuing multi-year appointment extensions, for successive fixed multi-year appointment renewals, and for merit salary increases" (Article 9.2.D).

By September 7 (or the next business day if September 7 falls on a weekend or holiday), each faculty member must, in collaboration with their supervisor, finalize a PDP. While teaching is central to the University's mission, individual faculty members may engage in the activities of teaching, scholarship, and service in different degrees and intensities. The responsibilities and objectives in the PDP will reflect the faculty member's professional goals and objectives as well as the needs of the college, unit, and/or University. **Goals represent long-term aspirations of the individual across the duration of the contract; objectives are specific targeted achievements for a defined period.** Each college/unit is encouraged to have a mechanism for sharing the PDPs.

The faculty member may seek guidance and assistance from the PRC in developing the goals and objectives identified in the PDP and in preparing documentation for performance reviews. Such requests for assistance from the PRC, however, must be made in writing by the faculty member. The faculty member may also select a mentor to provide assistance with the development of the PDP.

Key Components of the Professional Development Plan

The content of the PDP, which includes faculty goals and objectives with related activities, will be developed through collaboration between the individual faculty member and the faculty member's supervisor and may include peer input with written consent of the faculty member. Rank, experience, labor and time-intensive activities shall be given appropriate consideration when negotiating assignments and activities/objectives. The PDP is intended to be flexible and can be amended as needed; these amendments must be signed by the supervisor and the faculty member. Once signed, the amended PDP shall be placed in the faculty member's personnel file.

As with the PDP itself, goals will have a multi-year perspective while objectives have a single year focus and activities defined how the objectives will be met.

- The PDP will contain a clear statement of the professional activities in which the faculty member will engage to achieve each of their annual objectives. Successful completion of these objectives is the responsibility of the individual faculty member.

- The PDP identifies documentation the faculty member anticipates providing to demonstrate/support performance (Evaluation criteria will be developed in each academic unit).
- The PDP will contain a statement of commitment from the supervisor concerning the allocation of time and other resources necessary for the faculty member to successfully achieve the agreed-upon objectives. It is the administration's responsibility to ensure that the agreed-upon resources are available.

Corrective Professional Development Plan

If the faculty member received an unsatisfactory annual evaluation the previous year in any of the three areas of teaching, scholarship, or service (or the applicable unit level categories), the PDP will also contain a list of constructive activities to be undertaken during the next successive academic year developed jointly by the faculty member and their supervisor. The list will include specific performance targets that will be achieved in order to remedy the area rated as unsatisfactory during the current year, as well as any resources or assistance needed to facilitate improvement. If requested by a faculty member, in writing, the unit's PRC may provide assistance.

- If the faculty member receives an overall unsatisfactory annual evaluation, a Performance Improvement Plan (PIP) will be developed addressing the area(s) of deficiency in place of a PDP for the following year. (See the section in this document that addresses Performance Improvement Plans.)
- Should the faculty member anticipate applying for promotion within the next two years, their PDP will include a statement to this effect so as to inform the supervisor's preliminary review of the faculty member's proposed assignments and activities for the coming year.
- Unanticipated changes in assignments and responsibilities will be documented as amendments to the PDP and considered when evaluating the individual's performance. A faculty member making substantive changes in listed scholarship or service activities should discuss them with their supervisor. These amendments, along with a statement of the way in which these activities meet the unit's criteria, will be included in the Annual Professional Development Report (APDR) submitted to the supervisor for the evaluation process.
- In accordance with Article 9.8 of the CBA, "Scheduled hours for all employees shall not normally exceed forty (40) hours per week. Time shall be allowed within the normal working day for research, teaching, or other activities required of the employee, when a part of the assigned duties."

Commented [GDC1]: This seems an odd heading as we don't use the term "Corrective Professional Development Plan" anywhere else (that I'm aware of). Also, this entire section is confusing to me as most of the bullets do not relate to PIPs, and as mentioned PIPs are addressed elsewhere.

Suggestions:

- 1.remove the heading and add the following paragraph as a bullet under previous section
- 2.remove first bullet in this section entirely
- 3.add second bullet as continuation of previous bullet list (Key Components...)
- 4.move third bullet to previous section as well, and consider removing the reference to amendments in that section's first paragraph as it is more clearly explained here
- 5.combine fourth bullet with current last bullet in previous section that begins "The PDP will contain a statement of commitment..." as it seems relevant to the message of that bullet

With all of these revisions, this entire section labeled Corrective Professional Development Plan would be eliminated or combined into previous section.

ANNUAL EVALUATION CRITERIA

FGCU is a public university that embraces the tripartite responsibility of teaching, scholarship, and service. While teaching is central to the University's mission, individual faculty members may engage in the activities of teaching, scholarship, and service in different degrees and intensities. ~~Satisfactory/Successful performance of a faculty member's annual assignment and completion of agreed upon objectives and activities~~ in each category (as described in the signed PDP) ensure a rating of "Meets PDP Objectives" ~~in the annual evaluation~~. The annual assignment and resources made available to the faculty member must provide equitable opportunities to meet PDP objectives, in relation to other employees in the same department/unit, and to meet the required criteria for promotion, continuing multi-year appointment extensions, successive fixed MYA, and merit salary increases (Article 9.2.D).

Faculty performance will be evaluated based on meeting PDP objectives and activities, using the following three-point scale:

- Meets PDP objectives
- Exceeds PDP objectives
- Does not meet PDP objectives

In addition to the above scale that will be used for each category (teaching, scholarship, service) an overall rating must be assigned for the academic period. The rating will be either "**overall satisfactory**" or "**overall unsatisfactory**." A faculty member who receives a "Meets PDP objectives" or "Exceeds PDP objectives" in two or three categories will receive an "overall satisfactory." A "Does not meet PDP objectives" must be received in at least two categories (teaching, scholarship, service) in order to warrant an "overall unsatisfactory."

For all faculty members who are eligible for promotion, the supervisor shall include a statement that clearly indicates if the faculty member is making adequate progress toward promotion, and if inadequate progress, identify specifically what the faculty member needs to do to make adequate progress (Article 10.1B)

Each university college/unit shall develop and maintain standards to evaluate each employee according to criteria specified in CBA Article 10.4. These standards must be consistent with those necessary to maintain University and college/unit accreditations. The employees of each college/unit who are eligible to vote in college/unit governance, working with the administration of the college/unit, shall participate in the development of these criteria and standards.

Each unit's annual evaluation criteria and standards must balance the need for clarity and concreteness, on the one hand, and the equally compelling need for generality and adaptability, on the other hand. Addressing the former is a prerequisite for ensuring consistency and equity; addressing the latter is a prerequisite for dealing fairly but flexibly with the diversity of cases likely to confront a unit's faculty members and supervisors. Creativity and intellectual exploration are crucial ingredients in all successful universities. Because of this, units are encouraged to adopt evaluation criteria and standards that provide incentives for experimentation and innovation, encouraging faculty members to consider projects whose likelihood of long-term success may be

initially uncertain. Each unit's criteria and standards should provide guidance to the faculty members and supervisors confronted by such cases.

Approval of each unit's annual evaluation criteria and standards requires confirmation by a majority vote of its in-unit faculty members (CBA Article 10.3), before advancing to the President or designee for final approval. Owing to this requirement, developing these criteria and standards should be a collaborative undertaking, with final recommendation to the President or designee for approval occurring only after careful deliberation by each unit's faculty.

PERFORMANCE REVIEWS

The Review Process

The review process provides for continuous review and feedback to faculty to ensure professional growth and attainment of faculty and institutional objectives and goals. Performance reviews are conducted for the following categories:

- Annual
- Fixed Multi-year Successive Contract
- Continuing Multi-year Appointments Probationary Review
Promotion
- Tenure
- Sustained Performance (Post-Tenure)

The review process for each of these categories is described in the following pages. The descriptions include information regarding to whom the review applies, when the review will take place, the period covered by the review, participants, required documentation, outcome, and the discussion and/or consultation process with supervisors, as well as the appeal process, when there is disagreement. All components of and activities related to the performance review process at FGCU must be conducted in full compliance with the CBA and faculty must be copied on all performance recommendations.

If a faculty member believes that there has been a violation of the CBA, there are a number of formal and informal avenues a faculty member may select. Informally, the faculty member should first seek resolution with the supervisor, and concurrently seek advice from the UFF grievance officer regarding informal resolution and/or grievance processes. Formally, faculty may avail themselves of the appeals process, as well as the grievance process in accordance with Article 20 in the CBA within 30 calendar days, or file legal action outside the university and bargaining structures.

Evaluator/Supervisor

The following sections consistently refer to the role of the evaluator/supervisor in the evaluation process. Because the various units in FGCU have adopted different administrative structures, the

supervisor for each unit must be clearly defined in the unit criteria document, which may reference consultation during the evaluation process with the appropriate chief academic administrator in the unit. Regardless of the administrative structure in each unit, every faculty member will have two supervisors (e.g., department chair and dean).

Colleague Participation

A faculty member may request, in writing, that a colleague observe the review process. The colleague may be their mentor, an FGCU colleague, or a member of the PRC. The colleague, with the faculty member's written consent, may examine all submitted materials and may observe the supervisor's discussion with the faculty member.

Annual Review

Note: If the due date falls on a weekend or holiday, the date of the next business day becomes the due date.

Applies to:	Successive fixed multi-year, continuing contract, and tenured faculty

PERFORMANCE IMPROVEMENT PLAN (PIP)

Foundation of the Performance Improvement Plan

FGCU seeks through the Continuing Multi-year Appointment (CMYA) system to utilize annual evaluations of faculty in a consistent and constructive fashion to foster continuous improvement and accountability. In the event a CMYA faculty member receives an overall unsatisfactory annual evaluation, they will be placed on a one-year probation, with no contract extension for the duration of the probation period. The faculty member will be afforded a reasonable opportunity for remediation through development of a PIP.

Description of the Performance Improvement Plan

A one-year PIP will be required of any Continuing Multi-year Appointment or Fixed Multi-Year Appointment faculty member receiving an overall unsatisfactory annual evaluation (CBA Article 15). The PIP is designed to help remedy the deficiencies responsible for the overall unsatisfactory annual evaluation and to identify specific performance targets for the following academic year. The PIP must be finalized by August 7 (or the next business day if August 7 falls on a weekend or holiday).

Key Components of the Performance Improvement Plan

Based on deficiencies identified in the annual evaluation, the faculty member will draft the PIP. The content of the PIP will be developed through collaboration between the individual faculty member and their supervisor. The faculty member has the option of consulting with the unit's PRC in developing the PIP.

- As is the case for development of a PDP, the faculty member's teaching preferences, plans for scholarship and service, and other performance related activities should be given appropriate consideration, as outlined in Article 9.3, when negotiating activities and objectives.
- The PIP will contain a clear statement of the professional activities in which the faculty member will engage to meet agreed upon performance targets and professional objectives successfully. Successful completion of these activities and meeting the performance targets and professional objectives are the responsibility of the individual faculty member.
- The PIP will clearly identify the evidence for evaluating the faculty member's achievement of the agreed upon performance targets and professional objectives.
- The PIP will contain a statement of commitment concerning the allocation of time and other resources necessary for the faculty member to achieve the agreed-upon performance targets and professional objectives successfully. It is the supervisor's responsibility to see that the agreed upon resources are available.
- The activities and objectives listed on the PIP should be achievable in a normal forty-hour workweek.
- The PIP will identify intermediary dates for review and possible modification of the PIP.
- Both the faculty member and the supervisor will sign the PIP.
- The PIP may be adjusted as agreed upon and signed by both parties to indicate completed portions, changes in the available resources, etc.
- At the time of PIP submission, a faculty member may request in writing that a colleague participate in the PIP development. The colleague may include their mentor, other FGCU colleagues, or a member of the PRC.

PROMOTION

Policy

Refer to CBA Article 14.2, Criteria and Standards, and Article 10, Employee Performance Evaluation.

Eligibility

1. Faculty covered by the CBA are eligible. The procedures and guidelines below are intended to apply to all faculty seeking promotion. It is desirable that in-unit faculty have a voice in the promotion in academic rank of out-of-unit faculty.
2. A faculty member who is applying for promotion must meet the qualifications and criteria for promotion in that rank or level. Faculty members may apply for promotion after completing four (4) full years in rank or level. (See CBA Article 14.1B).

- 3. Promotion decisions are not solely based on an employee’s annual performance evaluations. Rather, the University, through its faculty, professional employees, and administrators, assesses the employee’s potential for growth, scholarship, and/or other professionally appropriate contributions as well as past meritorious performance. A faculty member will include a goal regarding progress toward promotion in the annual evaluation. This goal shall be evaluated annually in a separate part of the ADPR; the supervisor shall provide an appraisal toward promotion in a separate part of the annual evaluation (see CBA Articles 10.1B and 14.1C).

Principles for Establishing Criteria for Promotion

- 1. The University shall identify and publish university-wide criteria for tenure and promotion based on CBA Article 14.
- 2. Consistent with the University criteria, each college shall:
 - a. Identify, establish and implement college-wide criteria for promotion within the areas of teaching, scholarly/creative activity, and service. All criteria shall allow for diversity in faculty contributions and shall reflect FGCU’s traditional emphasis on effective teaching.
 - b. Each college/unit of the University develops promotion standards that outline appropriate objectives for demonstration of teaching, scholarship, and service effectiveness and that are consistent with the University and college/unit criteria.
- 3. Candidates shall meet college/unit criteria and should therefore refer to their college/unit documents for the standards applicable to them. All candidates should provide clear, concise, and specific evidence relevant to their college/unit’s criteria and standards.

University Criteria for Promotion

- 1. All promotions are governed by the individual’s current employment track (instructor, advisor, librarian, ranked faculty).
- 2. Terminal Graduate degree in appropriate discipline, as required by [Qualifications for Faculty Teaching](#) [Faculty Credential Manual](#) and [the Southern Association of Colleges and Schools \(SACS\). Credit Bearing Courses. Master’s degree in appropriate discipline for Instructors, as required by “Qualifications for Faculty Teaching Credit Bearing Courses.”](#)
- 3. Completion of four (4) full years in rank or level. Any credit for time in rank or level will be stated in the appointment letter.

~~3.4~~ Performance in the areas of teaching, scholarly/creative activities, and service that meets established college/unit criteria.

~~4.5~~ Submission of a promotion portfolio that accurately reflects and clearly distinguishes their individual accomplishments since appointment or the last promotion. The promotion portfolio consists of a paper document (portfolio) for administrative review and an identical electronic copy of the portfolio for archival purposes.

Pre-Promotion Process

Purpose. The purpose of the pre-promotion review process is to provide faculty members who seek it written non-binding feedback on promotion materials they intend to submit in their promotion portfolio. These materials should be developed in accordance with the promotion criteria and standards established in the respective college/unit. They may choose which materials to submit for review.

Procedure. The pre-promotion process is a voluntary non-binding process. The structure and content of the pre-promotion review process shall be determined by vote of in-unit faculty as organized by the college/unit governance structure. The responsibility of the faculty member is to provide evidence of progress toward promotion as determined by the college/unit.

Review Process. The faculty member submits the pre-promotion materials to the supervisor by October 1st. The pre-promotion materials are maintained in a secure location that is accessible to authorized reviewers.

Timeline. The following dates govern the voluntary pre-promotion timeline. (If the due date falls on a weekend or holiday, the date of the next business day becomes the due date.)

By November 15th: Written feedback is provided to the faculty member. The feedback is intended to provide assistance and counseling to the faculty member regarding promotion.

By December 1st: The faculty member may schedule a meeting with the authorized reviewer, as determined by the College/Unit, to discuss feedback regarding the pre-promotion materials.

The feedback regarding progress toward promotion is not binding upon the University and shall not be subject to the grievance process. The feedback may be included by the faculty member in the subsequent promotion portfolio.

Promotion Portfolio

In accordance with CBA Article 14.3A, employees applying for promotion shall prepare a paper document (portfolio) for administrative review and an identical electronic copy of the portfolio for archival purposes.

In accordance with Article 14.3A and 14.3B, the promotion portfolio shall minimally include the following:

1. Letter of Intent (copy)
2. Applicable college/unit promotion criteria and standards
3. Up-to-date curriculum vitae
4. Annual Professional Development Plans (PDPs) since appointment or last promotion
5. Annual Performance Development Reports (APDRs) since appointment or last promotion
6. Supervisor evaluations, including ratings received on annual evaluations
7. Pre-promotion appraisals (if employee chooses)
8. Promotion narrative; the Promotion narrative should demonstrate:
 - a. Evidence of quality and effective teaching, including the candidate's teaching philosophy and experience
 - b. Evidence of quality research/scholarship/or creative activities and how they contribute to teaching and to the discipline
 - c. Evidence of contributions to the department/college/university, community, and/or the profession through service
9. Materials/documentation to support the employee's performance relative to the criteria and standards established for promotion.

Promotion Review

Note: If the due date falls on a weekend or holiday, the date of the next business day becomes the due date.

Applies to:	Promotion review.
Period under review:	All previous years at FGCU at the current rank or level, including those covered by an academic or professional leave (e.g., sabbatical, professional development leave, or Fulbright; does not include medical or family leave) and any years of rank or level credited in the appointment letter.
Timeline:	Faculty members are eligible to apply for promotion after completing four (4) full years in rank or level, and at least one full year at FGCU, before applying for promotion (see CBA Article 14.1B). Promotion deliberations are normally conducted during the spring semester. Promotion decisions normally take effect at the start of the following fall semester. <ul style="list-style-type: none"> • April 1-September 30: The PRC for each unit is elected for the academic year, and the committee chair is elected by the members of the committee.

- **Through November 15:** The PRC will be available, upon request, for consultation with faculty members considering promotion, in accordance with CBA Article 14.3B.
- **November 30:** All faculty members who intend to apply for promotion will submit a letter of intent to the VPAA and copy the letter to their supervisor, the appropriate dean/director, and the chair of the unit's PRCs.
- **January 15:** The faculty candidate for promotion submits documentation in the form of a promotion portfolio to the supervisor. The format of the portfolio is prescribed by the CBA Article 14.3A and by the unit's criteria and standards for promotion. This documentation is maintained in a secured location that is accessible to authorized reviewers.
- **January 20:** Where applicable, the supervisor sends out promotion materials with pertinent criteria to the person or persons identified as "external reviewers" with instructions that reviews must be returned to the supervisor no later than February 21. Copies of the external reviewers' evaluation(s) will be promptly furnished to the candidate, who shall have five days to attach a brief response, if desired. Both the evaluations and responses, if any, shall be added to the promotion portfolio for consideration by the PRC.
- **By March 7:** The PRC reviews the candidate's application for promotion and makes a recommendation regarding promotion that goes to the unit dean/director. The PRC's review shall be taken independently of the supervisor's review. A copy of the PRC's recommendation will be promptly furnished to the candidate, who shall have five days to attach a brief response, if desired. Both the recommendation and response, if any, shall be added to the promotion portfolio for consideration by the unit dean/director.
- **By March 7:** The supervisor reviews that candidate's application for promotion and makes a recommendation regarding promotion that goes to the unit dean/director. A copy of the supervisor's evaluation will be promptly furnished to the candidate, who shall have five days to attach a brief response, if desired. Both the evaluation and response, if any, shall be sent to the unit dean/director for inclusion in the portfolio at the dean's stage of review.
- **March 12-March 22:** The candidate's dean/director reviews the promotion portfolio and the recommendations from the supervisor and the PRC, and makes a recommendation to the VPAA with a copy to the candidate who shall have five days to attach a brief response, if desired. Both the recommendation and response, if any, shall be sent to the VPAA by March 27.
- **March 27-April 25:** The VPAA evaluates the candidate's application for promotion and all accompanying reports and recommendations and makes a decision either to recommend promotion to the University President or to deny promotion. The VPAA communicates this decision

PEER REVIEW COMMITTEE (PRC)

A Peer Review Committees (PRC) will be formed, one for each college/unit:

- College of Arts and Sciences
- Lutgert College of Business
- Marieb College of Health and Human Services
- College of Education
- Whitaker College of Engineering
- University Library
- Daveler & Kauanui School of Entrepreneurship

As new academic units are established, additional PRCs will be created. Each PRC will consist of a minimum of five multi-year and/or tenured faculty members elected from among the in-unit associate and full professors/librarians, instructors II or III, and academic advisors II or III. The qualifications may be waived when there is an insufficient number of faculty members in the college/unit who meet the above mentioned qualifications.

The in-unit faculty in each unit will elect the individuals who will serve on that unit's PRC. PRC members serve for a two-year term and may be re-elected to serve additional terms. The chair of each PRC shall be a member of that committee, elected annually by fellow committee members. The chair will serve a one-year term and can be re-elected for subsequent terms.

During the promotion cycle in which advisors apply for promotion, the PRC may invite an appropriate level in-unit advisor (advisor II or III) to serve as a consultant to the PRC on the advisors' portfolios. The qualifications may be waived when there is an insufficient number of advisory in the college/unit who meet the above mentioned qualifications.

Chair Responsibilities:

- Convene and facilitate meetings
- Coordinating reviews with the faculty member to be evaluated, the faculty member's supervisor, and any other individuals authorized to participate in the review process.

PRC Responsibilities: The committee responsibilities, generally, fall into two categories: (a) stipulated duties and (b) requested guidance and assistance to faculty. Request for assistance must be conveyed in writing by the faculty member to the PRC.

Stipulated Duties

- Recommendations for successive fixed multi-year appointment and promotion
- Conferring Graduate Faculty Status*
- Recommendations for Faculty Emeritus

* Each unit PRC has the authority to select a committee to which to delegate the oversight of graduate faculty status. This committee must be constructed of elected faculty members from the unit.

Requested Guidance and Assistance

- PDPs
- PIPs
- Voluntary pre-promotion reviews
- Performance reviews
- Annual reviews
- Interim reviews regarding progress toward promotion and tenure

Conflict of Interest: In cases of a conflict of interest (see Fla. Stat. § 112.3143), the PRC member will recuse themselves from deliberation and the decision making process.

FACULTY AFFAIRS TEAM (FAT)

The FAT serves in an advisory capacity to the Faculty Senate Leadership Team and the Faculty Senate, providing faculty input regarding matters that affect how faculty do their work. In this role, the committee neither usurps nor replaces the formal Grievance Procedure and Arbitration Procedures (see CBA Article 20) and other provisions of the CBA.

The FAT is responsible for:

- Facilitating the establishment and operation of PRCs;
- Reviewing and, if necessary, making recommendations to the individual units and to the VPAA regarding evaluation criteria and outcomes in order to ensure consistency in application of university criteria and implementation of said criteria across the colleges/units;
- Providing counsel regarding transition from fixed multi-year appointments to continuing appointments and vice versa;
- Providing counsel regarding salary and rank equity issues within colleges (e.g., between tenure-line and multi-year contract appointments; between current faculty and new hires; or the availability and allocation of summer appointments);
- Providing guidelines for the development of performance awards by the individual units;
- Providing counsel for allocating professional development and resource support; and
- Establishing guidelines and providing counsel regarding issues that may impact the performance and professional life of the faculty.

The chair of the FAT will be a member of the FAT and will be elected by fellow committee members. The chair will serve a one-year term and can be re-elected to subsequent terms. The chair of the FAT will work closely with the President of the Faculty Senate. Key responsibilities of the chair include, but are not limited to convening meetings, developing meeting agendas, maintaining meeting minutes, and sharing faculty concerns through appropriate channels.

FACULTY REVIEW OF ADMINISTRATORS

The faculty affirms the importance of assessment and evaluation of all of the university's activities and personnel. Furthermore, faculty supports the use of evaluation results to enhance the performance of both the faculty and the administration to improve the quality of FGCU's educational programs and services.

In this context, the FGCU administration invites input from the faculty regarding the leadership performance of supervisors, deans, associate deans, and assistant deans. The formal protocol for such reviews, including the evaluation form, the schedule, and the procedures, are the purview of the FGCU administration and are not covered by this evaluation document; however, it is desirable that the FAT will have a meaningful involvement in the development of the evaluation instrument and process.

IMPLEMENTATION

The provisions of this document were approved by Faculty Senate on March 14, 2008 and full approval in (spring 2008) whereas, the provisions of this Document become effective in spring semester 2009. The document was updated to address nomenclature changes on March 27, 2015 and revisions were made on April 11, 2016. Subsequently, the provisions of this document were approved by Faculty Senate on April 15, 2016 and full approval in (spring 2016). The most recent revision of this Document was in response to changes in the CBA and in the names of two of the units, as well as to the addition of a new unit. It was approved by Faculty Senate on November 9, 2019 and full approval was given on May 20, 2020. The provisions of this Document become effective July 1, 2021.

The FPED will be reviewed annually by the FAT to ensure that it remains effective. Recommendations for modifications or amendments come to the Faculty Senate for consideration. The Faculty Senate, after consultation with the faculty at large, may approve any modification or amendment to the FPED. All changes in the FPED are sent to the VPAA for final approval. Personnel recommendations are to be consistent with the terms and conditions of the CBA. A copy of the modifications and amendments will be distributed to the FGCU UFF chapter.

Appendix EF: Performance Activities

Activities and documents associated with teaching, scholarship, and service respectively. The items in these lists are illustrative of the range of faculty responsibilities and are intended to assist the units in establishing evaluation criteria.

Per Article 14.2 of the CBA, the faculty, in consultation with the supervisors and dean/director, in each college/unit of the university has developed promotion standards and criteria that outline appropriate objectives for demonstration of teaching, scholarship, and service effectiveness. Candidates should refer to their college/unit documents for the standards applicable to them. All candidates should provide clear, concise, and specific evidence relevant to their unit's criteria and standards.

Examples of performance activities and associated evidence might include:

Teaching

Teaching is a continuous record of successful teaching as determined by college criteria. Teaching includes a broad array of activities occurring both inside and outside the classroom, clinical site, laboratory and studio. The primary aim of all teaching is to stimulate, promote, and advance students' learning and educational development.

Evidence: The University expects candidates for promotion to present evidence of excellence in teaching from diverse sources. Examples may include:

- Syllabi, class notes, course revisions, examinations, student reports and projects
- Program advising and mentoring of students
- Systematically collected and analyzed peer evaluations and student perceptions of instruction during the period under review
- The development of instructional materials, academic programs, innovative teaching strategies and delivery methods, innovative clinical teaching strategies, and software and videos in support of teaching and academic programs
- Development and presentation of university-sponsored lifelong learning offerings, e.g., workshops, clinics, continuing education programs
- Development and delivery of individualized library instruction or research assistance for students, faculty, staff, special events, and community partnerships
- Sharing relevant and significant course materials and expertise with other faculty members in the university
- Contributions to the development of supportive learning resources, including internships and clinical education and providing for significant opportunities for learning outside regularly scheduled class times
- The development of professional practice programs in such applied disciplines as health care, business, education, government, criminal justice, and human services, and supervising the learning activities and fieldwork of students enrolled in these programs

- The development and implementation of policies and procedures that aid in the analysis, development, and/or management of a library collection that supports the FGCU curriculum.
- Participation in lifelong learning courses and workshops aimed at enhancing teaching excellence and updating specialty area knowledge and expertise.
- Formal public recognition of pedagogical achievement in the form of an outstanding teaching award, grant, or stipend
- Letters of support from faculty peers, professional colleagues, former students, and program participants who can attest to the faculty member's teaching performance
- Teaching/course assessments and demonstrated curricular changes that resulted in improved learning outcomes.

Scholarship, Creative Activities, and Professional Development

Evidence of scholarly/creative/professional development activities relevant to the faculty member's appointment, as determined by the college/unit criteria. Scholarship can be defined in myriad ways. In general, scholarship is the application of activities that use professional expertise to discover, apply, or use knowledge. Areas of scholarship include: basic and applied research, new applications of existing knowledge, integration of knowledge, creative endeavors, and the development and/or analysis of pedagogical methods.

Evidence: Include only significant activities that demonstrate quality in scholarship and reflect enhancement to the overall academic performance. Examples of such activities and associated evidence may include:

- Publication of refereed articles, papers, books, chapters of books, and monographs
- Edited works in books or textbooks, translations, abstracts, reviews, or criticisms
- Presentation of papers at professional conferences and meetings
- Cases, non-refereed articles, papers, encyclopedia entries, and reference materials that contribute to the development and dissemination of new knowledge, theoretical perspectives, or ideologies
- Policy position papers and comprehensive studies developed for community clients, government, external agencies or organizations, the university, or the profession
- Musical compositions, artistic performances, paintings, exhibitions, sculptures, and works of performing arts
- Development of new technology and software for research and teaching purposes
- Research grants, fellowships, or external funding received to support scholarly work
- Works in progress - No new materials will be added after the review process begins except for points of clarification as requested by reviewers.
- External validation from practitioners, editors, reviewers, co-authors, and faculty external to FGCU, which attest to the contributions and quality of the faculty member's scholarship

Service

Evidence of effective, professionally-related service is determined by the college/unit criteria. The university values service to the university, profession, community, state, and nation. Faculty members make contributions in as many as four areas: college/unit service, university service,

professional service, and community service. Service is broadly defined as engaging in activities that complement the faculty role, including educational responsibilities outside the classroom, active participation in professional organizations, contribution to committee work, or other assignments within the college/unit, university, and community.

Evidence: Service involves the use of professional expertise in a service activity that may be internal or external to the university. Examples of professional service might include:

Service to the college/unit and/or university:

- Active involvement in the governance, program development, and accreditation of departments and/or academic unit, schools, colleges, and the university at large
- Mentoring and providing guidance to faculty colleagues
- Serving on or chairing committees or councils
- Assisting student organizations (clubs, chapters, honor societies) by serving as an advisor, assisting with the development of programs, or coordinating community field trips and projects

Service to the profession:

- Contributing to professional societies and accrediting or licensing boards
- Organizing and conducting conferences, symposia, and workshops
- Serving in leadership positions in professional societies or on licensing boards
- Serving on or chairing professional committees or editorial review boards

Service to the community:

- Contributing to local, state, regional, national, or international bodies, such as health care providers, business organizations, educational institutions, museums, volunteer civic groups, and governmental boards and agencies
- Serving as an advisor, officer, or chair for such groups and assisting in the development, implementation, or assessment of programs
