

FLORIDA GULF COAST UNIVERSITY BOARD OF TRUSTEES

POLICY TITLE

Academic Learning Compacts

POLICY STATEMENT

The Florida Board of Governors (BOG) has determined that each State University System (SUS) institution must adopt policies and procedures for developing, implementing, and reviewing Academic Learning Compacts (ALCs) consistent with BOG Regulation 6C-8.016.

The following definitions describe ALC products and processes at FGCU:

Academic Learning Compact (ALC): A student-friendly, jargon-free document that is available on the university's website to current and prospective students. Each ALC must contain:

- (a) A paragraph that describes the program's mission or purpose,
- (b) Statements that describe expected core student learning outcomes, and
- (c) Statements that describe potential assessment strategies.

Core Student Learning Outcomes: Concise statements that describe what each active and successful graduate, who has participated in the joint teaching-learning-assessment process as part of a given baccalaureate degree program, will know and be able to do (competencies). Each ALC contains jargon-free statements that describe outcomes in the following areas:

- (a) Content/discipline-specific knowledge and skills,
- (b) Communication skills, and
- (c) Critical thinking skills.

Assessment Strategies: Mechanisms or tools that may be used to assess individual student attainment of expected core student learning outcomes. The ALC lists possible assessment strategies that may be used, including the courses/locations that students might expect to encounter these strategies. The actual assessment strategies to be used by faculty are described in the Assessment Plan.

Assessment Plan: A description of how every student in a given undergraduate degree program is assessed to determine the extent to which the student has met the expected

~~core student learning outcomes. The plan must (a) be feasible, (b) identify the specific assessment strategies to be used to assess individual student attainment of every core student learning outcome, (c) be of adequate quality to withstand external review, and (d) compare favorably to best practices in the discipline. Data collected for the assessment plan is stored, analyzed, and summarized in accordance with the Evaluation Plan.~~

~~*Evaluation Plan:* A description of the system used to substantiate the assertion that graduates have truly achieved the expected core student learning outcomes. The plan and its components (a) can involve sampling, (b) must be robust with appropriate measures of validity and reliability, and (c) may include comparisons of student performance to the student performance at other institutions or to national norms.~~

~~*Use of Results:* A description of how results of student assessment and program evaluation are used to continuously improve program effectiveness and student learning.~~

~~RESPONSIBLE EXECUTIVE~~

~~Provost and Vice President for Academic Affairs~~

~~RESPONSIBLE OFFICE~~

~~Office of Curriculum and Instruction~~

~~WHO SHOULD READ THIS POLICY~~

- ~~-All faculty and administrators charged with delivering baccalaureate degree programs.~~
- ~~-All enrolled and prospective undergraduate students.~~

~~PROCEDURES~~

~~The Office of Curriculum and Instruction coordinates development, approval, and implementation of ALCs in consultation with appropriate teams of the FGCU Faculty Senate, including the Undergraduate Curriculum Team, the Program Review Team, and the General Education Council. ALC processes are described in the document entitled Academic Learning Compacts Development and Review Procedures.~~

~~Approved ALCs are available to current and prospective students on the FGCU web site. Students completing baccalaureate degree requirements are certified as having completed a course of study that has included student learning outcomes that address communication skills, critical thinking skills, and content/discipline knowledge and skills with appropriate methods of assessment.~~

~~The efficacy of ALC efforts is evaluated as part of FGCU's program review cycle at least once every seven years as required by BOG Regulation 6C-8.015 Academic Program Review 2007-2014. Each FGCU baccalaureate degree program review must state how results of the assessments have been used to improve student achievement and program effectiveness. The review will also examine the rigor of the assessment methods used in the program.~~
