A. PROCUREMENT AUTHORITY OF THE UNIVERSITY

The President has delegated authority to the Director of Procurement Services to serve as the central procurement officer for the University and has the duty to:

1. Remove any contractor from the University’s competitive vendor list that fails to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur.

2. Plan and coordinate purchases in volume and negotiate and execute agreements and contracts for commodities and contractual services under which the University may make purchases.

3. Where practical and available, implementing the use of existing State University System (SUS) Shared Initiatives contracts, unless the Director of Procurement, or designee, documents that such use in not in the best interest of the University.

4. Evaluate, approve, and utilize contracts that are entered into after a public and open competitive solicitation by any State of Florida agency, department, Florida state college or university, the Federal Government, other states, political subdivisions, cooperatives, or consortia, or any independent college or university for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University, to make purchases under contracts let by such entities. University must maintain appropriate justification for the use of services contract adoption. Review existing consortia and cooperative contracts to identify potential savings and, if there is the potential for savings, enter into new consortia and cooperative contracts to achieve the savings, with the goal of achieving a five-percent (5%) savings on existing contract prices.

5. Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be made on a university, regional, or State University System-wide basis and the contracts may be for multiple years.

6. Reject or cancel any or all competitive solicitations when determined to be in the best interests of the University.

7. Bar any vendor from doing business with the University for demonstrated cause, including previous unsatisfactory performance.
8. Prohibit University employees and University direct support organization employees (if applicable) participating on a procurement selection committee for commodities or services from soliciting donations from responding vendors during the selection process, except for donations or other benefits expressly stated in the procurement document.

9. Permit the extension(s) of a contract, entered into as a result of a competitive solicitation, for up to twelve (12) months or until completion of the competitive solicitation and award process or protest, whichever is longer.

10. Permit the renewal(s) of a contract, entered into as a result of a competitive solicitation, for a period that may not exceed five (5) years or twice the term of the original contract, whichever is longer. This provision is not intended to apply to existing contracts entered into prior to January 1, 2017, including any specified renewal period(s) may continue in accordance with the existing contract terms.

B. COMPETITIVE SOLICITATION THRESHOLD

1. All purchase orders or contracts for the procurement of commodities or contractual services exceeding $75,000 shall be awarded pursuant to a competitive solicitation, unless otherwise permitted.

2. When only one (1) response to a competitive solicitation for commodities or contractual services exceeding seventy-five thousand dollars ($75,000) annually is received, the University may review the solicitation response to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, then the University may proceed with the acquisition. The University retains the right to reject or cancel any or all competitive solicitations where it is deemed to be in the best interest of the University.

3. The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

C. PREFERENCES FOR FLORIDA-BASED VENDORS

1. Preferences for Personal Property

When the University awards a contract to purchase personal property, other than printing, by competitive solicitation pursuant to section B. of this Regulation, a preference shall be provided to vendors with a principal place of business in Florida (such vendors hereinafter referred to as “Resident Vendors”) as follows:

a. If the responsible and responsive vendor that submits the lowest bid, the most advantageous proposal, or the best value reply is one whose principal place of business is outside of Florida and is in a state or political subdivision thereof that
grants a preference for the same purchase to a vendor in such state or political subdivision, as applicable, then the University shall grant the same preference to the responsible and responsive Resident Vendor with the lowest bid received pursuant to an invitation to bid, the most advantageous proposal received pursuant to a request for proposal, or the best value reply received pursuant to an invitation to negotiate.

b. With respect to invitations to bid, if the lowest responsible and responsive bid is from a vendor whose principal place of business is in a state that does not grant a preference for the purchase to a vendor in such state, then the University shall grant a preference in the amount of five percent (5%) to the lowest responsible and responsive Resident Vendor.

c. For vendors whose principal place of business is outside of Florida, such vendors must, at the time of submitting its bid, proposal, or reply, provide a written opinion from a licensed attorney in its state specifying:

1) The preferences(s) granted by the state or political subdivision, as applicable under the laws of that state to vendors whose principal place of business is in that state or political subdivision; and

2) How the preference is calculated.

The failure to submit the written opinion may be waived as non-material if all vendors responding to the solicitation have principal places of business outside of Florida.

d. The vendor’s principal place of business, as represented by the vendor in its bid or reply, may be relied upon by the University without further inquiry. If the University determines that a vendor has misrepresented its principal place of business, the vendor’s bid, proposal or reply shall be rejected.

e. For the purpose of section C.1., personal property shall be defined as goods and commodities, but not real estate, intellectual property, or services.

2. Preferences for Printing.

When a University procures printed materials by competitive solicitation pursuant to section B. of this Regulation, a preference shall be provided to Resident Vendors as follows:

a. If the lowest responsible and responsive bid received pursuant to an invitation to bid is from a vendor whose principal place of business is outside of Florida, then the University shall grant a preference to the lowest responsible and responsive Resident Vendor in the amount of five percent (5%) if the University has determined that the printing can be performed by the Resident Vendors at a level of quality comparable to
that obtainable from the vendor submitting the lowest bid whose principal place of business is outside of Florida.

b. For purposes of section C.2.a., the level of quality shall be determined by whether a vendor satisfies the minimum specification requirements as set forth in the invitation to bid.

3. Method of Calculating Five Percent (5%) Preference

   If the competitive solicitation is an invitation to bid, then an amount equal to five percent (5%) of the total base bid and any alternates shall be deducted from the base bid and alternates, as applicable, of the lowest responsible and responsive Resident Vendor’s bid.

4. Determining a Vendor’s Principal Place of Business

   A vendor’s principal place of business is determined as follows:

   a. If the vendor is an individual or a sole proprietorship, then its principal place of business is in the state where the vendor’s primary resident is located.

   b. If the vendor is a business organization, then its principal place of business is in the state where the majority of the vendor’s executive officers direct the management of the vendor’s business affairs.
