 - b. Upon failure of any child or spouse benefited by the provisions of this subsection to comply with the ordinary and minimum requirements of the institution attended, both as to discipline and scholarship, the benefits shall be withdrawn as to the child or spouse and no further funds may be expended for the child's or spouse's benefits so long as such failure or delinquency continues.
 - c. Only a student in good standing in his or her respective University may receive the benefits.
 - d. A child or spouse receiving benefits under this subsection must be enrolled according to the customary rules and requirements of the university attended.

- c. Only a student in good standing in his or her respective University may receive the benefits.
 - d. A child or spouse receiving benefits under this subsection must be enrolled according to the customary rules and requirements of the university attended.
4. Acceleration – Tuition and associated fees shall be waived for students who earn credit in courses toward both a Florida high school diploma and an associate or baccalaureate degree, or students enrolled in a dual enrollment or early admission program.
 5. Florida Department of Children and Families – The payment of tuition and associated fees, including lab fees, is exempted for any student who is or was at the time he or she reached the age of 18 in the custody of the Department of Children and Families or a relative or nonrelative under section 39.5085, Florida Statutes; who was adopted from the Department of Children and Families after May 5, 1997; or after spending at least 6 months in the custody of the Department of Children and Families after reaching 16 years of age, was placed in a guardianship by a court. Additionally, material and supply fees and fees associated with enrollment in career-preparatory instruction shall be exempted. Any student requesting this exemption must provide certification of eligibility from the Department of Children and Families or its contracted providers to the University. This waiver shall remain valid up until the time the student reaches the age of 28.
 6. School Psychology Training Program – Tuition and associated fees shall be waived for internship credit hours applicable to an internship in the public school system under the supervision of the Florida Department of Education certified school psychologist employed by the school system for any graduate student.
 7. Florida Linkage Institutes – These Institutes shall be exempt from non-resident tuition and non-resident financial aid fee up to 25 full-time equivalent students per year enrolled through Florida Linkage Institutes Program.
 8. Deceased Teacher or School Administrator Employed by a Florida District School Board – Certain educational expenses shall be waived that the child of the deceased teacher or school administrator incurs while obtaining an undergraduate education or a postgraduate education if the teacher or school administrator is killed or is injured and dies as a result of an unlawful and intentional act, provided such killing or injury inflicted by another person and the motivation for the act is related in whole or part to the fact that the individual is a teacher or school administrator, or such act is inflicted while he or she is engaged in the performance of teaching duties or school administration duties while employed by a Florida district school board. The amount waived by the University shall be an amount equal to the cost of tuition and associated fees for a total of 120 credit hours at the University. The child may attend on either a full-time or part-time basis. The benefits provided under this paragraph shall continue until the child's 25th birthday.

- a. Upon failure of any child benefited by the provisions of this paragraph to comply with the ordinary and minimum requirements of the University, both as to discipline and scholarship, the benefits shall be withdrawn as to the child and no further moneys may be expended for the child's benefits so long as such failure or delinquency continues.
 - b. A student who becomes eligible for benefits under the provisions of this paragraph while enrolled in the University must be in good standing with the University in order to receive the benefits provided herein.
 - c. A child receiving benefits under this paragraph must be enrolled according to the customary rules and requirements of the University.
9. Homeless – Tuition and associated fees for a total of 120 credit hours shall be waived for any student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.
10. Purple Heart Recipients – Undergraduate tuition and associated fees shall be waived for each recipient of a Purple Heart, or another combat decoration superior in precedence which was awarded for valor, and who:

 - c. Submits to the state University the DD-214 form issued at the time of separation from service as documentation that the student has received a Purple Heart or another combat decoration superior in precedence. In situations where admissions or financial aid application deadlines preclude providing a DD-214 in time to meet such a deadline, the official (service specific) transmitting correspondence that would normally accompany such an award to a previously discharged service member would suffice until an updated DD-214 could be obtained and presented to the postsecondary institution. However, the updated DD-214 must be submitted to the postsecondary institution by the start of the student's next term of enrollment for continued eligibility for the waiver. In situations where a service member is on active duty and has not been issued a DD-214, the official (service specific) transmitting correspondence that would normally accompany such an award or a certification of the appropriate combat award by the service specific administrative record holder [e.g., Adjutant, G-1 (general staff officer-personnel), or JAG (Judge Advocate General)] would meet the documentation requirement.

- d. A waiver for a Purple Heart recipient or recipient of another combat decoration superior in precedence shall be applicable for 110 percent of the number of required credit hours of the degree or certificate program for which the student is enrolled. This waiver is considered "countable aid" for student financial aid purposes. Therefore, if this waiver is administered by an office other than the college financial aid office, college officials must notify the Director of Financial Aid that a student has qualified for the waiver. The waiver covers only tuition and fees associated with credit hour instruction provided directly by the University and does not include any additional fees that may be charged for specialized programs or by external organizations. This includes, but is not limited to, flight school, study abroad travel and living expenses, and courses taken elsewhere as a transient student.
11. State Employees – The University shall waive tuition and associated fees for up to 6 credit hours per term on a space available basis for state employees.
12. University Employees – The University may allow full-time University employees to enroll in up to 6 credit hours of tuition-free courses per term on a space available basis.
13. Florida residents 60 years of age or older – The University may waive any or all application, tuition, and associated fees for persons 60 years of age or older who are residents of this state and who enroll to audit courses being offered for college credit. No academic credit shall be awarded for attendance in classes for which fees are waived under this subsection. This privilege may be granted only on a space-available basis, if such classes are not filled as of the close of registration. A university may limit or deny the privilege for courses which are in programs for which the Board of Governors has established selective admissions criteria. Persons paying full fees and state employees taking courses on a space-available basis shall have priority over those persons whose fees are waived in all cases where classroom spaces are limited.
14. Intern Supervisors – Persons who supervise interns for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor. This certificate shall provide for waiver of the basic fee (as defined in Board of Governors Regulation 7.001).

 - b. Certificates shall be valid for three years from date of issuance.

 - f. The University shall maintain accurate data on Intern Participation Certificates and annually submit a report of certificate activity to the Board of Governors according to a prescribed format.
15. Non-resident students – Non-resident students who are non-degree seeking may be entitled to a waiver of the out-of-state fee if the credit hours generated by such students are non-state fundable and the cost for the program of study is recovered from the fees charged to all students.
 16. Admissions Deposit – If the University establishes an admissions deposit it must also adopt policies that provide for the waiver of this deposit on the basis of financial hardship.
 17. Wrongfully Incarcerated – The University shall waive tuition and associated fees for up to 120 hours of instruction if the wrongfully incarcerated person meets and maintains the regular admission requirement of the university; remains registered and makes satisfactory academic progress as defined by the University. A wrongfully incarcerated person is someone who has had a felony conviction and sentence vacated by a court and the original sentencing court has issued its order finding that the person neither committed the act, nor did they aid, abet, or act as an accomplice or accessory to the act or offense.
 18. Florida Public Assistance Grant – The University may waive the tuition differential for students who meet the eligibility requirements for the Florida Public Assistance Grant.
 19. Public School Classroom Teacher – The University may waive tuition and fees for a classroom teacher who is employed full-time by a school district and who meets the academic requirements established by the University for up to six credit hours per term on a space-available basis in undergraduate courses related to special education, mathematics or science approved by the Department of Education. The waiver may not be used for courses scheduled during the school district's regular school day.
 20. Veterans – The University shall waive out-of-state fees for an honorably discharged veteran of the United States Armed and Reserve Forces (Air Force, Army, Coast Guard, Marines, and Navy) and the National Guard (Army and Air) who physically resides in Florida while enrolled at the University. Persons who are entitled to and uses educational assistance provided by the United States Department of Veterans Affairs also qualify for this waiver if they physically reside in Florida while enrolled at the University in any

term beginning July 1, 2015. Tuition and fees charged to a veteran or person who qualifies for the out-of-state fee waiver under this section may not exceed the tuition and fees charged a resident student enrolled in the same program.

21. Nonresident Waiver – The University shall waive out-of-state fees, including the out-of-state financial aid fee, for students, including, but not limited to, students who are undocumented for federal immigration purposes, who meet the following conditions:
- a. Attended a secondary school in this state for three consecutive years immediately before graduating from a high school in this state;
 - b. Apply for enrollment in an institution of higher education with 24 months after high school graduation; and
 - c. Submit an official Florida high school transcript as evidence of attendance and graduation.

The waiver is applicable for 110 percent of the required credit hours of the undergraduate degree or certificate program for which the student is enrolled.

A student who is granted an out-of-state fee waiver under this regulation is not eligible for state financial aid.

The University shall, within its nonresident student enrollment, prioritize the enrollment of a veteran who is granted an out-of-state fee waiver pursuant to Section 20 above over a student who is granted an out-of-state fee waiver under this Section.

22.
