

Exercise Science Required Materials

The following supplemental materials should be submitted by Feb 1st the year during which the student intends to begin their upper level program coursework. In addition, all lower level course work must be completed before entrance to the program in the Fall. Exceptions may be made on a case-by-case basis. Please submit portfolios either by mail to 10501 FGCU Blvd. S. Marieb Hall 434, Fort Myers, FL 33965 or to office Marieb Hall 434. Students must attend the mandatory Exercise Science Program Orientation in mid-August (more information regarding orientation, required liability insurance, and required program attire will be provided by the Department of Rehabilitation Sciences office after receipt of your supplemental materials).

Requirements	Resources
<ul style="list-style-type: none"> ❑ Completion of lower level courses - Please see Lower Level Curriculum Map for general education and prerequisite course requirements ❑ Exercise Science Program Portfolio ❑ Program Prerequisite Reporting Sheet ❑ Present/Future Coursework Planning Sheet ❑ Healthcare Packet: <ul style="list-style-type: none"> ❑ Essential Functions (for review only) ❑ Immunization Requirements (must also be submitted online – see below) ❑ Physical Exam Form (signed by a healthcare provider) ❑ Technical Standards Forms (signed by a healthcare provider) 	<p style="text-align: center;"> Degree works GPA Calculator Program Prerequisite Grade Requirements Sample Resume Student Guidebooks </p>
<p>Establish a Castle Branch account online and submit items listed below (note the deadlines, not all items are required prior to beginning upper-level Exercise Science curriculum).</p> <ul style="list-style-type: none"> ❑ Compliance Tracker Package <ul style="list-style-type: none"> ❑ Proof of immunizations/vaccinations (deadline: program orientation, mid-August) ❑ Proof of Health Insurance (deadline: program orientation, mid-August) ❑ CPR/AED & First Aid Certification (deadline: courses will be available during the first semester of upper level coursework and students are advised to wait to complete certification courses until that time) 	<p style="text-align: center;">Instructions for Submitting Documents to Castle Branch</p>

Please also note:

- The Exercise Science Program at Florida Gulf Coast University is an open admittance program. Any portfolios received after February 1st will be taken into consideration as long as all requirements and prerequisites have been met. Please email exercisescience@fgcu.edu or call 239 745 4255 with any questions.
- The lower level curriculum map assumes that student has completed 2 years of foreign language in high school to meet University Foreign Language requirement. It is not inclusive of prerequisite coursework that may be required for a desired graduate level program. Students should meet with their academic advisors regularly to ensure that they are completing coursework required to meet their academic goals.
- Failure to complete lower level requirements will result in an inability to begin upper level exercise science coursework (years 3 & 4)
- Students are to follow Exercise Science Program of study in a cohort model once admitted into the Exercise Science Program – Please see [Upper Level Curriculum Map](#) for upper level courses
- Additional Resource: [Course Equivalent Substitution Form](#) (to be submitted to the Department of Rehabilitation Sciences along with supplemental materials, in the event that a student would like to have a course evaluated for possible equivalency as an Exercise Science Prerequisite course)
- In order to graduate, students must have a minimum of 3.0 cumulative GPA in upper level courses required for graduation from the Exercise Science Program. Students must also complete [University Requirements](#) for graduation (if not already completed). It is recommended to meet with your academic advisor to ensure that you are on track to graduate
