- Module 1 - Introduction to ultrasound imaging
- Module 2 - MSK sonography of the upper Extremity
- Module 3 - MSK sonography of the lower extremity
- Module 4 - MSK sonography of the spine and trunk related structures
- Module 5- Certification exam

Clinical reasoning is a process in which physical therapists use clinical testing to determine treatable dysfunctions. The time has come allowing us to go beyond our normal evaluation process. We now have the ability **to look inside the body** both static and dynamic with great specificity, which will improve your outcome. We now bring you the path to do so.

FGCU Musculoskeletal Ultrasound Imaging Certification (MSKI-C).
