

## Waterfront Motorized Boat Policies

- a) The motorized boat is available for currently enrolled FGCU students only. Guests are permitted to ride along on the boat, but not able to participate in watersports behind the boat.
- b) Motorized boat registration opens a week prior to each operational day. Currently enrolled FGCU students are limited to one 30 minute time slot every two weeks. This means if you have a reservation already for the two weeks you are not able to pick up an open slot, unless there are no other riders on the waiting list. You are able to split time with a friend on their reservation if they allow you to do so.
- c) Groups or friends may not reserve the boat for more than 2 consecutive slots. If a group reserves more than 2 consecutive slots one may be subject to cancellation, or a break may be imposed. This is to ensure equal opportunity for all students to have the ability to use the boat.
- d) If a rider has not checked in by 5 minutes after the slot start time your slot will be forfeited and a standby rider may take over the remaining boat slot.
- e) You may call ahead and cancel your slot to avoid suspension. If you have reserved a slot on the boat, and you cannot make it, you will need to call the Waterfront Office at 239-590-1871 during our hours of operation and cancel your reservation. If you fail to show for a slot, and you did not call to cancel a reservation 24 hours in advance, it will result in a two week suspension from the motorized boat.
- f) The boat will not operate in adverse weather conditions. Adverse weather conditions are at the discretion of the boat driving staff. This can include but is not limited to rain, wind, and cold.
- g) Students may split their time slot with a fellow FGCU student. Please remember that boat slots are limited to 30 minutes so we recommend signing up for individual boat slots.
- h) All reservations need to be made by the person riding. You cannot make a reservation and pass it along to another rider. If your name is on the reservation you **MUST** participate in a watersport behind the boat.
- i) There will be a waiting list for open slots each day. The waiting list opens when the Waterfront opens on the days of the motorized boat operation. If there is an open slot, it will be first come-first served according to the waiting list.
- j) Check in for all riders and guests will be at the Waterfront front desk. Each person going on the boat must check in at the front desk 15 minutes prior to the reservation.
