Standards of Fraternal Excellence (SFE) Program

The SFE Program provides a set of minimum standards by which all fraternity and sorority chapters will be measured annually in order to maintain a level of good standing with FGCU and their national organization. All chapters are responsible for meeting the minimum target requirements within the following standards categories: Scholarship and Intellectual Development, Community Service & Philanthropy, Programming and Collaboration, and Leadership & Membership Development. This program runs annually from January to December. All chapters must receive a minimum of 10 points in each category and 40 total points. At the end of every fall semester the overall recognition levels will be reported and specifying if the chapter achieved a minimum of 10 points or exceeded the 10 point minimum.
